HOT STUFF

THE ARTRAGEOUS ART STORE

You'll be more than tempted by incredible art from emerging artists! These fresh, unique original student artworks are available for purchase in the Marion Nicoll Gallery from 7-12. Featuring glass, sculpture, jewellery, fibre, painting and prints...just to name a few! Why that's simply artrageous! Shop early - we plan to sell out..and we will safekeep your purchases for you until you call it a night.

And for more great work from emerging artists the Students Association invites you to visit the Christmas Show and Sale which will be held at ACAD November 23 & 24 from 4-9 p.m. and the 25th from 10-4 p.m.

It is finally time! The anticipation has been building for months and now you're here to experience this amazing event with us.

Welcome to artrageous! Relinquish inhibition and embrace experience in a passion-induced night of pulsating emotion, fashion envy, dramatic unveilings and an incredible techno dance party!

Let us take this opportunity to thank the members of the artrageous steering committee. Their ambitions succeeded in ensuring this event was a success. Not only was the goal to raise \$100,000 for ACAD student scholarships achieved, but artrageous was also sold out months in advance. To the illustrious ACAD alumni, faculty and emerging artists who donated their art works to the Wall of Art exhibition - your generosity is without precedent. Thank you for your overwhelming contribution. To the friends of ACAD who purchased the Wall of Art tickets - you made our scholarship goal a reality and we extend our sincere appreciation and gratitude. And, to our numerous artrageous sponsors - well deserved recognition for your notable investment of resources, time and energy to make this event possible.

The amazing support that we received from the community, ACAD students, faculty and staff, many of whom are volunteering tonight, continues to be a measure of the interest and support for the goals of the Alberta College of Art & Design.

We extend a warm welcome to our many distinguished guests and friends.

On behalf of the artrageous steering committee, we invite you to indulge yourself in artrageous discoveries throughout the evening!

TRICIA HELFER Supermodel Tricia Helfer, born and raised in Donalda, Alberta, has won international acclaim as 'Supermodel of the World' and has modeled for Chanel, Ralph Lauren, Versace and Victoria's Secret. Tricia has set her sights on becoming involved in television broadcasting and acting and has done correspondent work for CITY TV's 'Ooh-la-la.'

JEANNE BEKER Jeanne Beker, a nationally syndicated fashion columnist has been a major player on the Canadian fashion scene for more than 14 years. Previous to her fashion career, Beker was the co-host of The New Music, a national music magazine program. She recently released her autobiography, entitled 'Jeanne Unbottled'.

ERIC DAVENPORT Eric Davenport is one of the true pioneers of the underground dance circuit having now played in over 70 cities around the world. With a new producer partner, Smitty, he has recently formed the publishing company "Geisha House Music" and will have several "Geisha" releases in Fall 2000.

SEAN CHEESMAN From his Canadian beginnings as a figure skater and dancer, Sean now choreographs for and dances with some of the world's top entertainers including Michael Jackson, Tina Turner, The Artist Prince, Cher and Britney Spears. He is dedicated to choreography of the body, the artistic spirit and the career.

The Wall of Art exhibition was created thanks to the generous donation of 50 works of art by ACAD faculty, alumni and emerging artists. This collection was pre-sold to Wall of Art patrons, generating an astounding \$100,000 for ACAD scholarships. Thank you Artists and Patrons

President's Message

Almost everything we use, see or interact with is in some ways the product of the skills and imagination of the artist and designer. The buildings that we inhabit, the cars that we drive, the products that we consume, the books, newspapers and magazines that we read, the clothes and jewelry that we wear all derive somehow from these individuals. Without them the world we as we know it today would not exist.

In this new century those who choose to study and practice art and design will find themselves performing a uniquely important cultural, social and economic role. The Alberta College of Art & Design (ACAD) will be a major force in shaping these future professional artists and designers by offering students some of the best facilities in a learning environment that is inspiring and encouraging while at the same time rigorous and challenging.

ACAD is dedicated to becoming the college of first choice for the most creatively talented and academically outstanding students in Visual Art and Design while being recognized for making a leading contribution to the development and advancement of the creative industries. This builds on the mandates founded with the creation of the college in 1926, representing almost three-quarters of a century of artistic excellence. As of September 2001 ACAD will be celebrating its 75th Anniversary with festivities and events throughout the entire year. I invite you to join us and hope to see many of the individuals and corporations who have generously supported ACAD, through artrageous, to continue their support at these events.

On behalf of ACAD I want to thank those who have given their time and resources to the college in the past and present, as well as those who will in the future. It is through your contribution that we can continue to provide superior education in Visual Art and Design to the creators of the future.

Dr. Desmond Rochfort
